Supply Chain Services Changes Name to Peak Technologies, LLC

As you may be aware, Supply Chain Services joined the Peak Technologies family of companies in August 2022. Since then, we have focused on leveraging the strengths and resources of our growing portfolio of companies to increase our geographic presence and solutions offering to better serve our customers and partners.

We are taking the next step to better align our Supply Chain Services business with our parent company and are extremely excited to announce we are changing our name to **Peak Technologies, LLC**.

Effective March 1, 2023, Supply Chain Services will be **Peak Technologies, LLC**, creating one stronger go-forward organization that combines the resources, infrastructure, and experience of our growing Peak Technologies portfolio of companies. As part of this process, we will also be moving to a new ERP system to leverage an enhanced IT infrastructure.

During this transition and Data conversion to our new business system we will be limited in our ability to process orders or generate quotes starting on March 1, 2023, through end of business March 3, 2023. We will not be placing purchase orders under this company name during that time.

The following is a list of changes that will be required by your organization to ensure a seamless transition of business moving forward:

- 1. Supply Chain Services Federal Tax ID #:** Supply Chain Services now has a new **Federal Tax ID #**. As of March 1, 2023, Supply Chain Services' new **Federal Tax ID # is 86-2907108**. To properly reflect our company name in your procurement system, please update your master record to **Peak Technologies, LLC**.
- 2. Supply Chain Services Legal Entity has been renamed:** The existing Supply Chain Services legal entity with Federal Tax ID # of 86-2907108 has now been renamed Peak Technologies, LLC.
- 3. Purchase Orders:** Starting March 3, 2023, all purchase orders will be sent from us for Supply Chain Services business under the new Peak Technologies, LLC name.

Thank you for your patience and flexibility throughout this transition. We're confident that the combined Peak Technologies, LLC organization will be able to better grow our business as we bring together the industry's fastest growing platform of companies.

Please contact your Peak Technologies, LLC account manager if you have any questions regarding any of these corporate changes.

Sincerely,

Nhut Doan
Senior Vice President, Sales, Peak Technologies, LLC
